Colorado law requires school board candidates to report the name and mailing address of individuals who contribute $20.00 or more. For contributions of $100 or more, also include your occupation and employer's name.

Contributions from foreign nationals and corporations are prohibited. And, please, no contributions from LLCs as it creates a lot of additional paperwork for all involved.

There are no limits to the amount one can contribute to school board candidates. Donors certify they are 18 years of age or older.

Thank you!
